Re: 2020 Washington DC Dragon Boat Festival

Dear Teams:

The well being of our paddlers and spectators is always our top priority. As the news of the Coronavirus reverberates throughout the world, we have been closely monitoring the recommendations of the CDC and our local government. In light of the severity of the outbreaks and the uncertainty of what the future months may look like, TUSCA regrettably has decided to cancel this year's DC Dragon Boat Festival. For any team that has already sent a registration fee in, these fees will be refunded promptly.

Thank you for your continued support and we look forward to seeing you in 2021 when the festival returns. Please stay vigilant about keeping yourself healthy and those around you.

Sincerely,

Lily Shen
President
Taiwan-U.S. Cultural Association, Inc.
